About your Degrees at Graduation:

Students do NOT receive their degree at graduation. Degrees are mailed out every month. Some students who attend graduation have already received their degree in the mail. Other student’s degrees have been ordered and have not come back to us yet to mail to you. At the graduation ceremony a certificate of participation is handed out, NOT your degree. Once again degrees are mailed out by regular mail throughout the year.

ALL FEES AND WORK MUST BE COMPLETED BY April 15, 2018!

Please remember ATS has to have enough time to grade your course work before graduation so we know if you passed your courses or not and also so we can figure your GPA to know if you are eligible to graduate with honors. Therefore all course work has to be to the seminary by April 15th. All graduation/administration fees and the fee to attend on site graduation have to be paid by April 15th. Please keep this in mind!!!
