ALBANY MUNICIPAL AUDITORIUM
ALBANY, GEORGIA

In the late 1970's, Dr. Hayes began to feel the calling from God to found a Bible-centered seminary that would offer active in-the-field Christians the opportunity to complete their seminary degree studies through quality distance education. Having spent thousands of dollars in his own studies, Dr. Hayes also had a desire to offer that education at a rate affordable to the average Christian involved in active ministry. With such goals and desires, Dr. Hayes founded Andersonville Baptist Seminary, which he envisioned as providing quality distance education studies for students across the country. By the early 1990's, the seminary boasted a student body representing all 50 states. With a growing faculty and staff to manage, Andersonville moved to its present location in Camilla, Georgia. Just a few years later, Andersonville changed its name to Andersonville Theological Seminary and claimed a student body of over 5,000 active students in all 50 states and 24 foreign countries.

Near the turn of the millennium, Andersonville Theological Seminary partnered with the National Christian Counselors Association (NCCA) to add a strong Christian Counseling program to its growing student body. And now, with students across the globe, Andersonville Theological Seminary has become the premier distance education program for learning God's word from a conservative and informed faculty.

In 2016, ATS administrators approved the development of additional programs for the seminary. Included in these new programs are phenomenal graduate programs in Biblical Studies, Divinity, Christian Education, and Theology. Andersonville students can remain assured that the Bible continues to be at the core of their distance education studies.

For over a quarter of a century, ATS has provided quality leaders to churches, denominations, and para-church organizations around the world. Yet, with excellent faculty members adding new courses to the already outstanding ATS programs, Andersonville is looking forward to an even greater future. With new programs developing, prospective students, current students, and alumni will find that Andersonville Theological Seminary never rests in seeking to improve its programs and student body.

A Golden Legacy...

Their name is synonymous with setting the standard for male quartets since their inception in 1980. Many have tried to pattern their style and sound, but there's only one Gold City. There is a stellar career with numerous number one songs, fan and industry awards, and prestigious honors. Yet this Gadsden, Alabama-based group remains down-to-earth, grounded in their southern roots, and committed to continuing their mission of delivering power-packed four-part harmonies and singing songs that are meaningful, entertaining, inspiring, and uplifting.
